Janet Pendlebury

‘Embarking on a house purchase in Spain was really nerve wracking. We had no idea how to transfer money from the UK to Spain easily. Jack, my personal trader, responded to my (quite possibly) inane questions with tremendous patience and talked me through every step of the way.’

Ian Godwin

'I researched Smart Currency Exchange very carefully before deciding to transfer £525k for a house purchase in France. I dealt with Barney Cotton who was understanding of my lack of trust but reassured me totally. I don't have any concerns about using these guys, I found them totally trustworthy. Have recommended to a friend who found the same. 5 stars all the way.'

David Copley

'I was recommended to SCE by my solicitor and they have made purchasing a property in France so easy. Tom O'Hare dealt with our account in a most professional manner and helped us through what could have been a difficult period. Would highly recommend.'

Your own personal trader

On opening an account you will be assigned your own named trader. He or she will be with you every step of the way.

Keith White

'It's great to have one person as point of contact who understands the process you are going through and helps make the financial transactions very easy.'

Sarah Cullen

'I was able to ask for a call at a specific time to discuss and cost the transfer. My trader was organised and knowledgeable and made me feel very comfortable with the entire transaction.'

‘Brilliant service! We needed to move some money to France to help my son to buy a restaurant at auction. He recommended Smart Currency Exchange and within 24 hours had the funds in his name. It was easy to use their website to move the money and we were re-assured with the sensible security checks. Happy to recommend.’

Forward contracts

Smart's aim is to remove currency risk from your property purchase or transfer overseas. We can do that with a **forward contract** that sets today's rate for the year ahead.

Ginny Waterworth

'Very good advice on fixing the exchange rate early to avoid the inevitable fluctuations in GB pounds to Euro during 'Brexit'. Always at the end of a phone and emails were responded to very quickly - very impressed! Thank you.'

Barney Cotton

‘What a fantastic service! We had a one-off opportunity to close an urgent purchase deal in France. This required a large sum to be moved quickly. Without a doubt, the support, professionalism & expertise of Mr. Barney Cotton and the Team at Smart Currency Exchange made it happen! Thanks again and best wishes..’

Jim

Mr Jackson

‘Cream of the crop’ – I have previously used three different FX brokers, SCE is my first choice. I would 100% recommend SCE over the competition. Why? They did exactly what they said they would do. SCE may not have the fanciest of apps or the plushest of brochures, but they have invested in the right people. The team were first class.’

Smart Currency Exchange's overall TrustScore on Trustpilot is 9.9 out of 10.

Peter Egan

‘Smart Currency Exchange handled my transaction impeccably. It was my first time transferring a large amount into another currency and I was very nervous about transferring funds through a company other than a high street bank, but I could not believe the very poor rates I was being offered, even with special ‘currency accounts’ by my own bank. I looked around and did my research into Smart Currency Exchange, but I was still nervous handing over my money into their care. I should not have worried. They were excellent, even in relatively complex transactions, and all of my money was transferred in a very timely manner, all managed very professionally. When you are dealing with large amounts of money, trust is very important. I would certainly trust Smart Currency Exchange.’
